For payment:

- We request payment from your health insurance plan. Health plans need information from us about your medical care. Information provided to health plans may include your diagnoses; procedures performed, or recommended care. NOTE – You may request that we not share information with your health plan provided that: (i) the disclosure is for purposes of payment or health care operations and is not otherwise required by law, and (ii) the health information pertains solely to health care items or services for which you, or another person on your behalf (other than a health plan) has paid in full.

For health care operations:

- We use your medical records to assess quality and improve services.
- We may use and disclose medical records to review the qualifications and performance of our health care providers and to train our staff.
- We may contact you to remind you about appointments and give you information about treatment alternatives or other health-related benefits and services.
- We may contact you during negotiations with your health insurance carrier or to inform you of changes with our relationship to your health insurance carrier.
- Under certain circumstances, we may use and disclose your information for research. For example, a research project may involve comparing the health of patients who received one treatment to those who received another, for the same condition. Before we use or disclose your information for research, the project will go through a special approval process. Even without special approval, we may permit researchers to look at records to help them identify patients who

may be included in their research project or for other similar purposes, as long as they do not remove, take, or copy your information.

- We may use or disclose your health information to provide legally required notices of unauthorized access to or disclosure of your health information.
- We may use and disclose your information to conduct or arrange for services, including:
 - medical quality review by your health plan;
